This September, make an impact on our community by becoming a sponsor of STOMP! Out Epilepsy and SUDEP Awareness Walk, which will be held Saturday, September 19, 2015 at The Blue Lake Casino, in Blue Lake, California. STOMP! will benefit The Chelsea Hutchison Foundation (CHF) and bring more seizure-response dogs and life-saving monitoring devices to those who live with epilepsy/seizures. This year, STOMP! will take place in several locations across the United States and like last year, virtual walkers and virtual teams from all over will be joining us.

The registration fees and fundraising will go directly to benefit those with epilepsy, but the real success of our events depend on sponsorship support from businesses like yours. As a sponsor, you and your company will be showcased in our advertising and promotion both before the walk and on the day of the event. We have a number of attractive sponsorship packages that fit every budget and will link your brand to a very worthwhile cause. We will gladly accept in-kind donations in the form of gift certificates, food and entertainment.

CHF is a non-profit organization formed to provide help and support to individuals across the United States, particularly children and young adults, who have epilepsy. When you support CHF, you make a big difference in the lives of those who struggle with seizures. We are a very grass roots, volunteer-based Foundation that is committed to getting relief right into the hands of those who need it. We aren't big, but we are mighty and determined.

Become a sponsor of STOMP! today! Help provide a wonderful experience for our participants who will be encouraged to support your business. Your generous support means so much to us! Sponsorship is simple. Choose the level of involvement your business/organization can provide and we will take care of the rest.

Chandelle Owens will be hosting STOMP! in Blue Lake. If you have any questions, please feel free to contact her with questions:
